South End Plaza, Unit 51  
New Milford, CT 06776

Dear Peter,

I wanted to let you know that I used the Swiss Cut Ortho NF-X 15 oil you mentioned and it worked great! My tool life on the 17-4ph, the custom 465 stainless and, 455 stainless has doubled and on some instances even tripled. After trying many different products, I was finally able to increase my feeds and speeds using the Swiss Cut Ortho NF-X 15.

I highly recommend the Swiss Cut Ortho NF-X 15 for anyone in the medical manufacturing Industry. Thanks again!

Sincerely,

DAVE VASQUEZ,  
President
